

## BUILDING CHATBOT AND INTEGRATE TO APPLICATION

Date	1 Nov 2022
Team ID	PNT2022TMID43819
Project Name	Smart Fashion Recommender Application

### Process

The screenshot shows the IBM Watson Assistant console. At the top, the resource name 'Watson Assistant-gt' is displayed with a green 'Active' status and an 'Add tags' link. To the right are 'Details' and 'Actions...' buttons. A left-hand navigation menu includes 'Manage' (selected), 'Service credentials', 'Plan', and 'Connections'. The main content area has a heading 'Start by launching the tool' and contains a blue 'Launch Watson Assistant' button, a 'Getting started tutorial' link with an external icon, and an 'API reference' link. On the right side of the main area, there is a 'Plan' section showing 'Lite' and an 'Upgrade' button. Below this is a 'Credentials' section with 'Download' and 'Show credentials' links. The 'API key:' field is masked with dots and has a copy icon. The 'URL:' field contains the text 'https://api.us-south.assistant.watson.cloud.ibm.com/ins' followed by a masked segment and a copy icon.
